BACKGROUND

Why Create this Supplement?

The Drama Game File is a standards-based curriculum program. The Arts Standards section on the CD-ROM teaches the user how to connect the games and techniques of the program to content standards for theatre, the other arts, and other academic subject areas. Be sure to read this section in addition to using this supplement.

The specific standards used on the CD-ROM come from the national and California state theatre arts standards. To further assist teachers and administrators, we have created a free supplement that correlates The Drama Game File to a state's adopted theatre arts content standards. The supplement lists the sections from the CD-ROM that can be used to teach specific theatre arts standards in grades K-12. Download and print the free supplement, then store it in the rear pocket of your Companion Notebook.

INSTRUCTIONS

How to Use this Supplement

Insert the 2nd Edition CD-ROM into your computer and follow instructions until the Welcome page is displayed. Click on Table of Contents. You are now ready to use this supplement to connect your theatre standards to our curriculum program. Remember that you may need to pull standards from different grade levels than yours to match your students' abilities and needs (e.g., 4th grade students new to theatre may need to start with PreK-2 standards.)

Content Strands (pg. 3): These are the five strands of study and big ideas in the arts that apply to all grade levels in Missouri. Use the listed pages on the CD-ROM to find material applicable to each strand across a range of grade levels.

Grade Level Expectations: This supplement includes only those expectations that can be taught with our curriculum. The shorthand number for each expectation is noted on the far left.

Links Pathway: The left column lists a standard or grade level benchmark, while the right column lists the pathway(s) to find appropriate material on the CD-ROM. Find and click the first link listed. Click each link in the order listed from left to right until you reach the final link, where you will find material that helps teach that benchmark. Follow links on that page to additional material that will also help teach that benchmark. There are hundreds of links and pathways to related material throughout the CD-ROM. *Navigation tip*: scroll to the bottom on any page and you will find a quick link back to the Table of Contents.

Book and Cards: The far right columns show if the grade level standard can also be taught by using the book (Companion Notebook) and/or cards (The Character Cards Box Set) products that are part of the complete kit for The Drama Game File.
