Only licensed users of the 2nd Edition CD-ROM may purchase the notebook separately

Explanation: The book is designed as a supplement to the CD-ROM (which contains more than twice as much material as the book.) The Companion Notebook is available for purchase online in the CD/Book or CD/Book/Cards bundled products. 1st edition users need to buy the 2nd edition because the book does not match the 1st edition. To complete this order, we must verify that you are a licensed user of The Drama Game File 2nd edition CD-ROM.
